

Procedure for the Addition or Redesign of Signage

- 1) Read the PUD guidelines for signage. There is a copy on this webpage.
- 2) Get approval from your building through your building's management company. If you are not sure who that is, there is a list on the POA Resources webpage. Click on your building name.
- 3) Once you have written approval, e-mail is fine, submit it along with the sign specs and applications, both Riverwalk and Eagle County, to the Office of the Community Manager at 28 Second St. Suite 216, Edwards, CO 81632 along with the required Riverwalk payment of \$75 per sign. Call 970-306-6161 or email cm@edwardsriverwalk to confirm someone is in the office.
- 4) Send signed county application with payment to Eagle County.
